

# FIBRE OPTIC ASSEMBLIES

## MPO SOLUTIONS

### MPO PATCHCORDS

The MPO connector is the most compact connector available on multi-strand fiber cables. MPO Cables are the most compact multi-fiber cable around. What's more, you get up to 12 fibers in a single cable run. Run multi-strand fiber optic cables without worrying about expensive, time-consuming termination. Because they're pre-terminated, you can install and test them in the same day.

#### MPO Cable

- OS1, OM1, OM2, OM3.
- Fanouts available with LC, SC, ST, FC, MU, or MT-RJ connectors.
- Available both as patch cable and fanouts.
- No termination needed reduces installation time and costs.

#### Specifications

Fiber Type 62.5/125  $\mu$ m multimode  
Insertion Loss Typical: 0.7 dB;  
Maximum: 1.0 dB  
MPO Crimp Sleeve Tin-plated copper  
MPO Ferrule Reinforced thermoplastic with stainless-steel alignment/guide  
MPO Grip Housing VO-rated thermoplastic  
MPO Strain-Relief Boot VO-rated thermoplastic rubber
