

FIBER MANAGEMENT

FIXED PATCH PANELS

FP00 16 POSITION ST / FC PATCH PANEL

The fixed patch panel system in its basic form is supplied with the panels unloaded without adapters ready for you to install the adapter of your choice. The panel can also be pre-loaded complete with the required adapter and simple splice management kit, or pre-loaded with pigtails to meet your project needs. SofeTEK has an extensive range of 19" fixed patch panels, and with its own fiber optic engineers and design team can offer its customers a unique ability to design bespoke patch panels to order.
